Hong Kong Corporation. China Operation. Global Facilitation.

Vincent Medical Mfg. Co., Ltd. is a Hong Kong company that manufactures various types of medical devices in its solely owned China factory. With offices in Hong Kong, China and the U.S., our platform serves leading multi-national medical device companies with our contract manufacturing services.

Integrity

Finding an honest partner is the key to success for outsourcing to China. At Vincent Medical we honor and protect the intellectual property of our clients through an open partnership supported when appropriate with segregated production, controlled access to records and contracts enforceable in the country of origin.

Quality

Our operation is ISO9001 and 13485 certified supported with compliance to the US FDA's GMP standard.

Reliability

From design input and control to mass production, our ERP and Project Management systems assure compliance throughout the entire process.
